Ultrasonic Fluxer Alternative

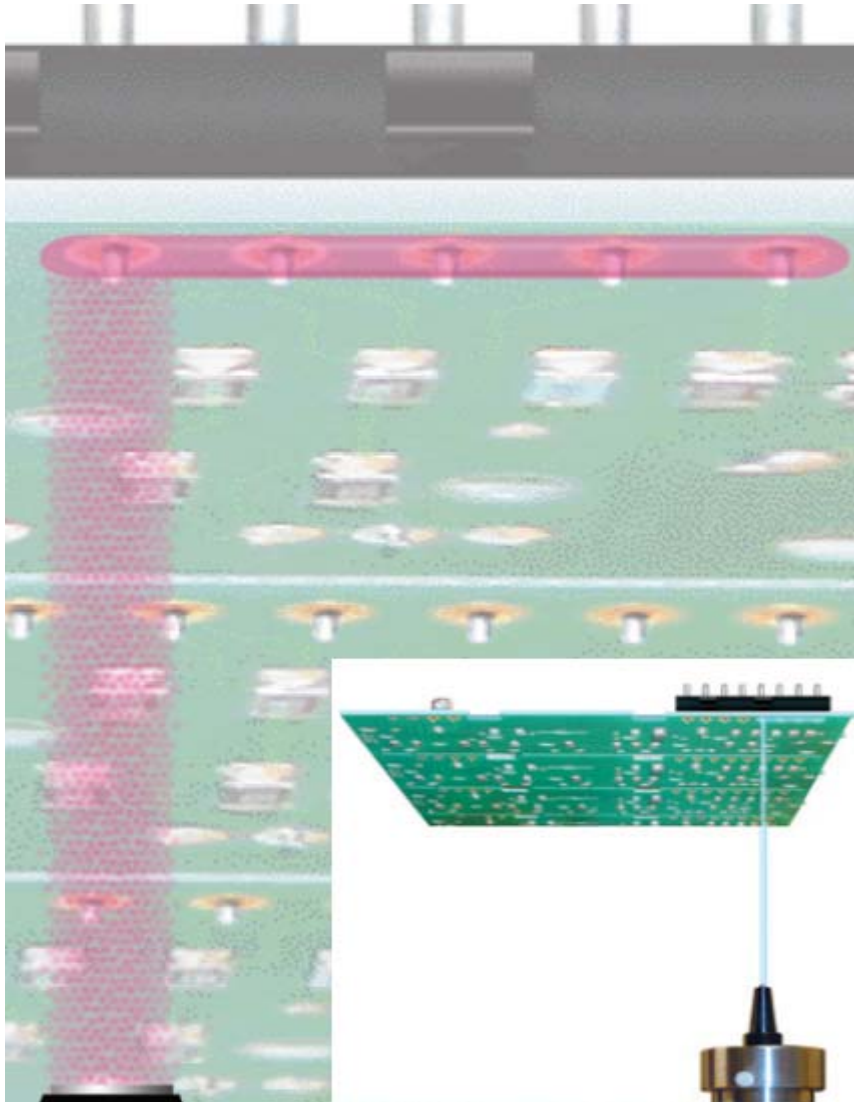

VERSASFLOW 3 – Ultrasonic Spray Option

Three examples of fluxing:

1. Single dots, 2 mm
2. Thin tracks, 2 mm
3. Wide tracks, 10 mm

VERSAFLOW Fluxing System: **Ultrasonic Spray Head**

- ✓ Very precise flux deposition
- ✓ No contamination of adjacent areas with flux
- ✓ No clean process
- ✓ Individual flux quantities per joint programmable
- ✓ High precision, low consumption
- ✓ Ultrasonic non-clogging technology for rosin flux with up to 45% solids
